### **DETAILED ACTION**

### Election/Restrictions

The examiner withdraws the restriction requirement mailed on 8-5-04.

## Drawings

Figure 11 should be designated by a legend such as --Prior Art-- because only that which is old is illustrated. See MPEP § 608.02(g). Corrected drawings in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. The replacement sheet(s) should be labeled "Replacement Sheet" in the page header (as per 37 CFR 1.121(d)) so as not to obstruct any portion of the drawing figures. If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

## Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 11-22 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Regarding claims 11 and 12, the phrase "dish-like" renders the claim(s) indefinite because the claims include elements not actually disclosed (those encompassed by "like"), thereby rendering the scope of the claim(s) unascertainable.

## Allowable Subject Matter

Claims 11-22 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

The instant application is deemed to be directed to a nonobvious improvement over the invention patented in Pat. No. 5,741,605. The improvement comprises a fluid processing apparatus for producing hydrogen-containing gas, the apparatus having a dish member having a peripheral portion and a bulging central portion in order to reduce the stresses acting the member.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
